

## Are you interested in helping shape the future of research into bipolar disorder?

Dr. Erin Michalak from the Department of Psychiatry, University of British Columbia, and members of CREST.BD (the **C**ollaborative **RE**search **T**eam to study psychosocial issues in **B**ipolar **D**isorder) are holding a consultation event on June 29<sup>th</sup>, 2010 at Cecil Green Park on UBC campus.

Entitled 'Recovery and bipolar disorder: A CREST.BD Consultation Day

The one-day CIHR-funded Community Consultation Day aims to:

1. Provide a networking and mutual learning opportunity for CREST.BD team members, people with BD and their family members;
2. Explore the concept of recovery from the perspective of people who are living with BD, their family members, and support systems, and;
3. Use Community Based Research (CBR) methods to produce a report describing the results from the event for dissemination to health care providers.

If you experience bipolar disorder (BD), are a family member of someone with BD or are associated with a relevant community agency, and would and would like to get involved, please contact Dr. Erin Michalak for further details at 604 822 3393 or [erin.michalak@ubc.ca](mailto:erin.michalak@ubc.ca).
